

MRC Job Posting

POSTING DATE: May 21, 2015

POSITION: Production & Facilities Manager

JOB ORDER: 062

HOURS: Full-time/40 Hours Week

REPORTS TO: McKercher Program Director

POSITIONS SUPERVISED: Driver/Maintenance, On-call Production staff

STATUS: Exempt

=====

Summary of Responsibilities:

Production and Facilities Manager works closely with the McKercher Program Director to manage production and facilities including assisting and administering assigned personnel, maintenance, safety, facilities, and finance functions. Responsible for all production coordination including shipping/receiving, billing of assembly products, janitorial functions, and agency-wide facility maintenance.

Essential Duties and Responsibilities:

1. Manage and execute daily warehousing operations, including scheduling, staging, receiving, storage of materials, inventory and shipping of finished products.
2. Manage staff scheduling and assign tasks to meet production goals.
3. Manage spending against budget, control spending in r/t changes in production volume.
4. Participate in the interviewing, hiring, evaluation, development, and terminations procedures for production employees. Provide staff evaluations on a timely basis and demonstrate effective staff management skills through both formal and informal staff management strategies and ensure adherence to MRC policies and procedures.
5. Schedule and lead ongoing production meetings and ensure quality, production rate, staffing, and other concerns are effectively communicated. Bring process improvement suggestions to this forum for discussion and implementation to improve efficiency and effectiveness.
6. Solve problems of a production nature. Assist staff within the Unit, and in other units with problem solving.
7. Assist in ensuring that CARF, OSHA, DOL, and other mandatory standards are met by developing and maintaining procedures to meet these standards and focusing on practices of continuous improvement.
8. Maintain a safe and clean production environment.
9. Ensure all safety functions are followed and addressed including machine guarding, lockout/tagout and MSDS/SDS sheets
10. Act as liaison with customers and general public to ensure customer satisfaction and promote a positive image of the agency.
11. Supervise all assigned production materials and ensure necessary materials are ordered and available to meet production requirements.
12. Supervise all assigned production routines to include operation of the slitter/slotter, button press, and other production equipment.

13. Maintain inventory of necessary production materials and ensure necessary materials are ordered and available to meet production requirements.
14. Ensure adequate training and back up processes are in place for operation of production equipment in the absence of the facilities and production manager.
15. Ensure accurate communication and scheduling regarding pick-up and delivery of materials or finished goods. Direct and schedule receiving and shipping (trucking) procedures.
16. Serves as a back-up to drivers and may drive delivery truck as needed.
17. Monitor quality standards and address with staff to ensure corrective action is taken when necessary.
18. Ensure proper paperwork flow for internal purchase orders/shop work orders, billing, shipping and other tasks are completed in a timely and accurate manner.
19. Prepare and track meaningful metrics and procedures to drive process improvement.
20. Conduct proper time studies for consumer work tasks in accordance with DOL standards.
21. Ensure all production work is completed in accordance with customer guidelines for quality and delivery date.
22. Ensure proper maintenance of production equipment and supplies; conduct preventative maintenance as necessary and document procedures appropriately.
23. Direct and initiate necessary vehicle maintenance and purchasing; maintain logs for maintenance performed on all agency vehicles, obtain bids.
24. Advise McKercher Program Director of job requirements or problems that have an impact on prioritization or scheduling.
25. Ensure facility maintenance and grounds upkeep; supervise janitorial personnel in the performance of assigned duties; and initiate purchase orders as necessary in support of these functions.
26. Serve on the safety committee and ensure the completion of all regularly scheduled drills and internal and external safety inspections.
27. Ensure the rights of individuals served are protected in accordance with the Michigan Mental Health code and agency policies. Complete incident reports as required.

Non-Essential Duties and Responsibilities:

1. Develop and recommend Standard Operating Procedures to the McKercher Program Director as appropriate.
2. Assume responsibility for smooth functioning of committees as assigned. Assist in writing contract bids for customers as necessary.
3. Other duties as assigned by McKercher Program Director
